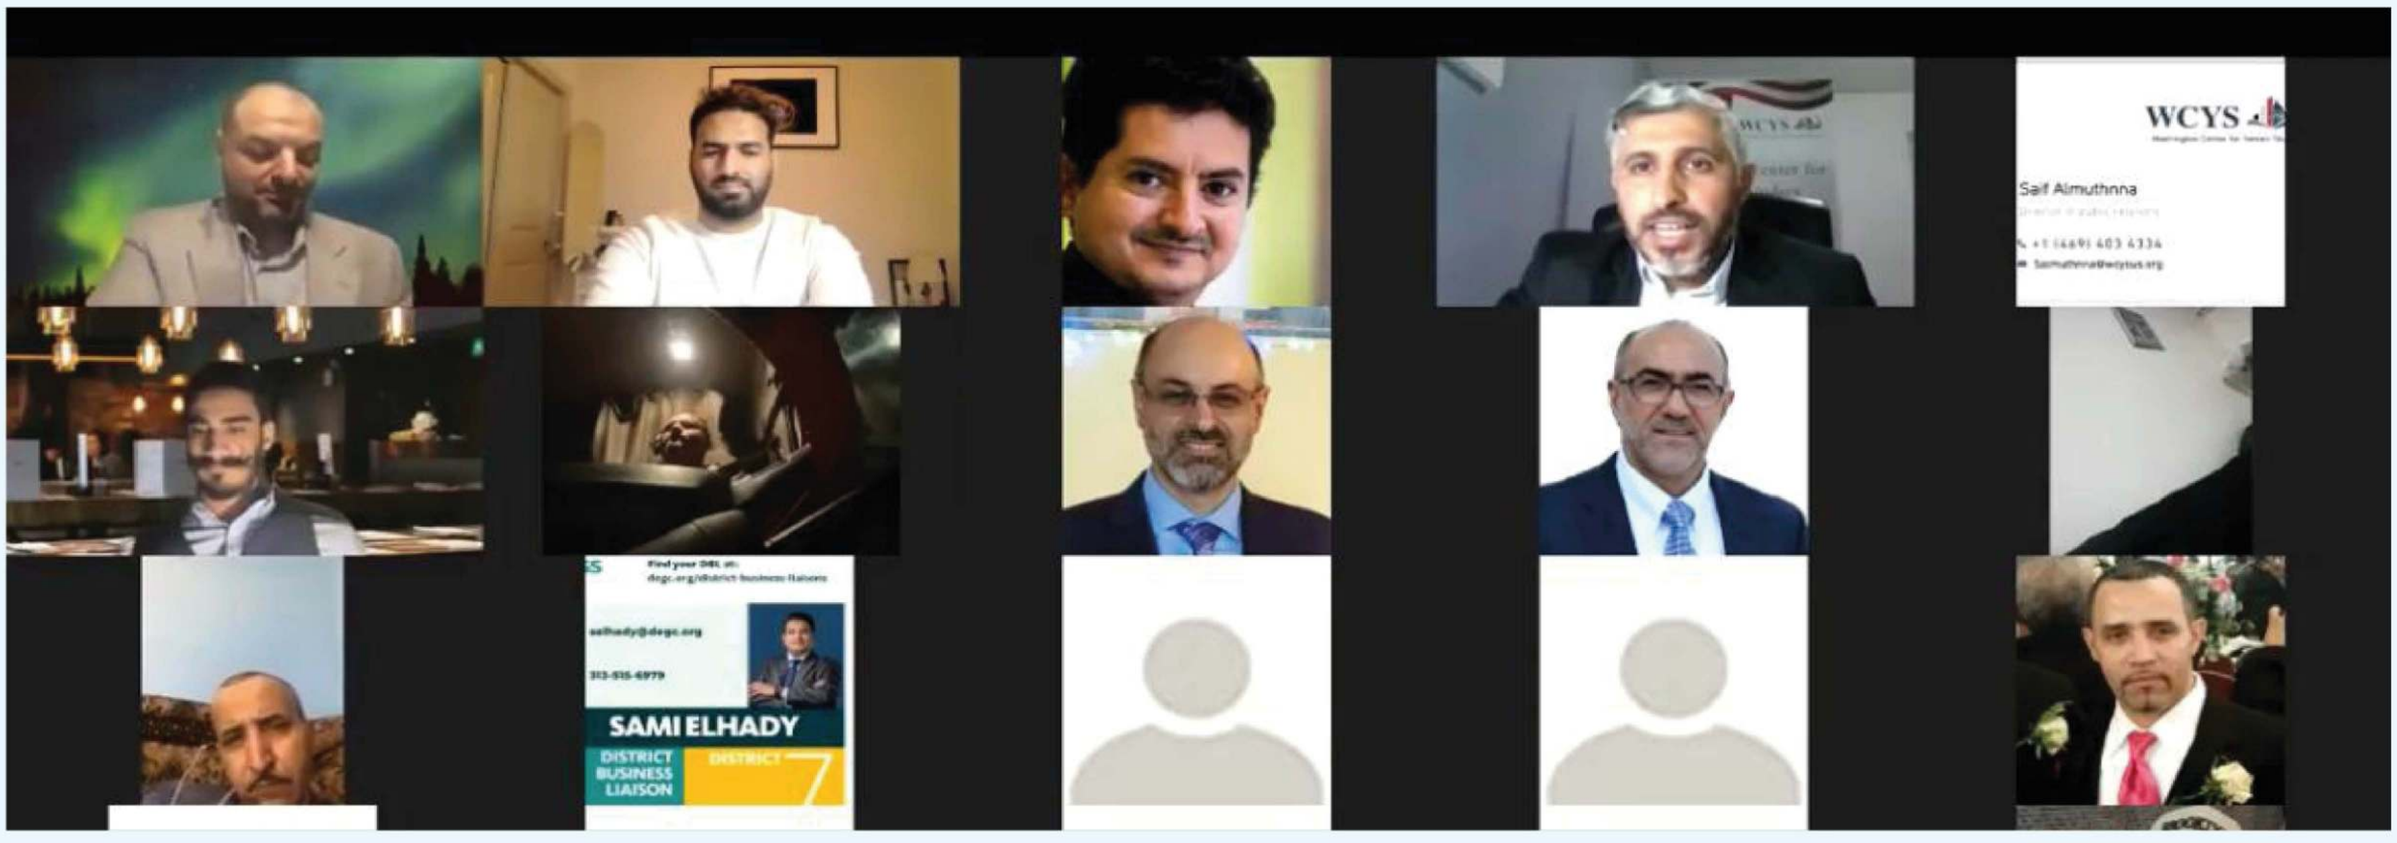
The Center's Annual Meeting



On Saturday evening, March 19, 2022, the Washington Center for Yemeni Studies held an Annual Sponsor's Event via Zoom.

During the event, the WCYS team presented the vision of the Center and the Center's plan to achieve it, from affirming its presence in the media and strengthening the presence of the Center in Washington, DC, through meetings with the office of the US and UN Envoys in Yemen, as well as Key research centers and organizations. A brief overview introduced the studies and research carried out by the Center and the workshops and seminars that aim to spread the Center's vision for stability in Yemen and the mechanisms of peace by hosting many decision-makers in the United States and researchers specialized in this regard and rehabilitating the Center's staff.

It is worth noting that this annual event comes within the framework of the Center's desire to introduce all the efforts undertaken by the Center through monthly bulletins and assess the situation regarding many decisions regarding Yemen and adopt them as a methodology to ensure the success of the Center and achieve its goals.

WCYS

Washington Center for Yemeni Studies
